Side guard scotch tape sticker, folding ladder & safety chain **provides safety**

Moulding/Curve blade **increases quality of mixing and durability**

Lever control for **easy operation**

Round steel rod on the edge of blade **increases durability**

Concrete Mixer

“High Performance Meets Easy Operation”

You have set your quality standards, and the PATRIA Concrete Mixer is here to help you keep them.

For starters, our drum is made from high quality water-resistant that is lightweight, hardworking and durable. Well-designed blade allows for smoother and faster flow, while axial pumps, motor oil cooler and planetary gearbox give increased work efficiency and dependability. To ensure safety during operation, a filter element indicator is attached to the hydraulic filter.

PATRIA Concrete Mixer can be installed in any truck. Today, more than 500 of these mixers can be found hard at work in sites across Sumatera, Java, Borneo, Sulawesi and Papua.

Other Features

- Watering features
- Lever & Throttle Lock
- Safety Chute
- Applicable on Dry & Wet
- Easy Maintenance
- Durable Product
- Easy and safety to Use
- Reliability Component
- Responsive After Sales Support

Product Variant

- CM 600 (6 Cbm)
- CM 700 (7 Cbm) thickness 4mm
- CM 700 (7 Cbm) thickness 6mm
- CM 1000 (10 Cbm)
